

## LANDSCAPE DESIGNER/PROJECT MANAGER

### About Superbloom

Superbloom was founded on a commitment to crafting meaningful connections between people and the land through the practice of transformative design. We believe in the power of art and design to translate the experience and knowledge of place, and to connect the past with our shared future.

We relish the journey of design – the people, the plants, the animals, the culture and ecology that influence it – and seek to unearth hidden narratives and to tell meaningful stories. We celebrate profound histories, diverse ecologies and the opportunity to synthesize these in new forms of public space.

### The Role

Superbloom is looking for a Landscape Designer with 3-5 years of experience with an emphasis on project management, technical documentation, and ecological design. The Designer will support a diverse portfolio of projects throughout Colorado at our young and growing practice, and should bring experience designing and documenting complex landscapes while contributing to multiple projects across a variety of scales.

All candidates should be well-rounded designers, detail oriented, open collaborators, and possess good communication skills. Candidates should feel comfortable developing projects from concept to construction, working directly with clients, coordinating with other disciplines, and playing different roles within a design team.

### Required Experience

- Undergraduate or Master's degree in Landscape Architecture
- 3-5 years working in the field of Landscape Architecture
- Demonstrated experience producing technical drawing sets, and some project management and coordination
- Proficiency in AutoCAD, Adobe Creative Suite, 3D modeling, and hand drawing
- Strong design and organizational skills
- Interest in agriculture and cultural landscapes plus

### How to Apply

Please email your resume and work sample as PDFs (less than 10MB) to [hello@superbloom.net](mailto:hello@superbloom.net). Please include "Superbloom Designer" in the subject line.
